## SUMMARY

UI/UX and Frontend Developer with experience designing and developing responsive web interfaces for business applications, dashboards, and product websites. Skilled in translating functional requirements into clean Figma design systems and implementing them using React, JavaScript, and Tailwind CSS. Strong understanding of layout structure, accessibility standards, and component-based UI development. Known for clear communication, collaborative mindset, and delivering polished, consistent user experiences aligned with corporate brand and product goals.

---

## WORK EXPERIENCE

### TOPVEG

May 2025 - Present

- Designed and developed the company's main landing page to improve brand presence and user engagement.
- Currently developing a company portal and e-commerce website using React + Tailwind CSS.
- Created user flows and UI screen structures in Figma, applying clean layout and responsive design standards.
- Working closely with founders to refine UX patterns based on real usage and feedback.

### Xentrix Studios

November 2024 - March 2025

- Returned to enhance and refine internal dashboard UI/UX experiences.
- Improved UI readability by defining consistent typography scale, spacing rules, and component patterns.
- Built reusable UI components in React to speed up development across multiple internal tools.
- Participated in Agile sprints, providing UI improvements based on user feedback and testing insights

### Wicket Hub

May 2024 – October 2024

- Guided Cross-Functional Teams: Led 5+ vendor groups (installation, design, sourcing) to achieve on-time launch.
- Removed Impediments: Resolved 15+ supply chain bottlenecks (material shortages, site issues) by cutting delays
- Budget & Capacity Planning: Managed ₹10L budget using resource-mapped timelines, saving 12% costs.
- Agile Adaptation: Pivoted designs 3x for site constraints, ensuring 100% facility readiness ahead of schedule.

### Xentrix Studios

July 2022 – April 2024

- Designed user interface layouts and visual style guides for internal studio workflow tools.
- Created Figma wireframes, prototypes, and UI component systems with consistent spacing and design hierarchy.
- Developed responsive web UI screens using HTML, CSS, JavaScript, Tailwind CSS, ensuring smooth usability.
- Collaborated with product and engineering teams in iterative design review and improvement cycles.

## KEY SKILLS

- HTML5, CSS3, JavaScript (ES6+), React.js, Next.js (Basics)
  - Tailwind CSS, Bootstrap, Responsive & Mobile-First UI
  - Component-Based UI Architecture
  - Figma (Wireframing, Prototyping, UI Components)
  - Visual Hierarchy & Layout Systems
  - Typography, Color Theory, Design Consistency
  - User Flow & Interaction Design
  - Git & GitHub
  - VS Code, Chrome DevTools
  - Agile / Scrum Collaboration
  - API Integration & Basic Node.js
-
